Subject: Dimock...next steps?

Are you waiting on anything else from me? (R6 said their Final Report will be sent by the end of the week and I am waiting for an answer about the 4 extra samples. Also, we are still waiting on the NAREL reports from Fred.)

I have done all I can do with the reports down here in the cubicle as far as getting all of the corrections done and signed off. There are still some sticky notes that I couldn't understand what was needed, so you will need to go thru these before we are done.

When should I give Annette my hard copy printouts and notes?

What is next?
